Travel Project

Counts as the Unit 5 Test grade   **Due date**: Monday, March 7, 2022

Name: _____   **Period: _____**

Initial Vacation Plans	
Location *must be somewhere you can travel to on an airplane (cannot be a state that borders New York State)	
Number of people traveling *must be 2-4 including yourself	
Dates of vacation *must start March 15th, 2022 or later	

Weather:

Go to weatherspark.com to find what the average weather will be when you are visiting. Type in the name of the city and select the date that you will be arriving. Then fill out the following information below.

Temperature:	
Typical temperature range	
During what months is the temperature the highest?	
Based on the graph, what would be the average high and low temperatures during your trip?	
Precipitation:	
During what months is there a higher chance of precipitation?	
What is the average rainfall in inches?	

Hotel Information:

Next you will choose a hotel and a flight. There are several different websites you can use: Expedia, Travelocity, Priceline.

Hotel	
Name of Hotel	
Number of stars this hotel is rated	
Type of room	
List your 3 favorite amenities included at this hotel	
Total Cost of Hotel:	

Flight Information:

Since you are leaving from New York State, you can choose to leave from several different airports: Albany, Stewart (Newburgh), LaGuardia, JFK, and Newark.

You will also need a round-trip flight.

Choose your Departure Flight: (from NY to your destination)	
Three letter code for airport you are departing from	
Three letter code for airport where you will arrive	
Departure time	
Arrival time	
Total flight duration	
Is the flight non-stop?	
If it is not a non-stop flight, how many stops do you have to make?	
Name of airline	

Choose your Return Flight: (from your destination back to NY)	
Departure time	
Arrival time	
Total flight duration	
Is the flight non-stop?	
If it is not a non-stop flight, how many stops do you have to make?	
Name of airline	
Total cost of round-trip airfare:	

Transportation:

In large cities, there may be a different types of public transportation available such as subways, busses, taxis, Uber, etc. In more remote locations, you may need to rent a car during your trip. Car rentals can also be added to the hotel and flight on the travel website you use.

Do you plan to use public transportation, rent a car, or both? _____

      (You only need to fill the appropriate section(s) of the table below)

Public Transportation	
Types of public transportation you plan to use	
Estimated cost of public transportation	
Car Rental	
Car rental company	
Type of car you plan to rent	
Car rental cost for the length of your trip	
Total cost of Transportation:	

Places to Eat:

Look for 3 different places to eat while on vacation. List 3 items of their menu and the prices. You can just do a google search "restaurants in _____"

Restaurant Name	3 Menu Items	Approximate cost of a meal

Based on what you found, what would you expect to pay for food during your entire trip and including everyone that is traveling: _____

Things to Do:

Next, you will plan 3 activities that you would be interested in doing while on vacation. You can find activities on websites like Expedia or you can just google search "things to do in _____"

Activity	Brief description of activity	Approximate total cost of the activity

What is the approximate total cost of the activities (for all people) during your vacation: _____

Total Cost of the Trip:

Lastly, you will find the total cost of your trip, including the hotel, flight, transportation, food, and activities for everyone that will be going on your trip. Then you will calculate the total cost per person, and total cost per person per day.

Total Cost of the Trip	
Total cost of the hotel	
Total cost of the airfare	
Total cost of transportation	
Total cost of food	
Total cost of activities	
Total cost of the trip	
Total cost of the trip per person	Number of people (including yourself): _____ Total cost of the trip per person: _____
Total cost of the trip per person per day	Number of days: _____ Total cost of the trip per person per day: _____

Final Reflection:

After planning this trip, is this a trip that you would like to take in the future? Why or why not?
